

Tylö steam shower i110/c

Tylö steam shower i110/c is built around the same unique profile system as other steam showers in Tylö's Impression range, and is made of aluminium, glass and high-gloss acrylic.

A complete home spa in the smallest of spaces

Within a minimum space of less than 1.3 m², Tylö has created a home spa solution for corner installation that contains both a relaxing steam bath and a conventional shower. A revolution in home spa design, it is compact enough to fit in even a small bathroom. The steam bath is a gentler experience. The atmospheric humidity inside is at 100%, yet the temperature is only 40-45°C, inviting you to relax for a little longer.
