

Tylö steam shower Tylette Centre

A “bathroom” for the bathroom.

Tylette Centre takes up no more floor space than an ordinary corner bathtub, but offers much more in the way of comfort, convenience and flexibility. This hydro-steam cabinet turns bathing from a practical necessity into a highly pleasurable way to relax, recharge your batteries and get ready to face the challenges of a new day. It brings more choice into your bathroom – a self-contained world of water and steam where you can sit in comfort, unwind in clouds of soothing steam and enjoy the invigorating effect of all sorts of water therapy. There are two fully integrated shower seats to allow you to share these moments of bathing bliss.

The elegantly curved, tempered glass front has a space-saving sliding door that can be fitted to open left or right and gives a full 60 cm access width. The door can be hung on the right or left-hand side. Two comfortable seats, one placed in the corner, are integrated into the wall sections, and all the connections for water and electricity, together with the steam generator are hidden behind the large mirrored wall.

The cabinet can be angled, but not reversed, and comes complete with decorative halogen lighting inside and out.

Designed for corner installation. Connect to electricity (min. 10 A), water supply and drainage. The steam generator (4.5 kW) is convertible between 230 V~ and 400 V2N~ (two phase with neutral). The minimum water pressure is 2.5 bar and the run-off capacity is 50 litres/minute.

Tylette Centre

(Art. no. 9607 3302)

White walls. Size: 1420 x 1420 mm, height 1980 mm.

Floor decking

(Art. no. 9005 9020)

Exclusive optional floor decking made entirely of teak and dimensioned for Tylette Centre.

Integral steam generator for relaxing bathing in clouds of soothing steam. The generator fills, empties and flushes automatically.

Complete shower kit with chrome-plated riser and sprinkler head with adjustable shower function, from a gentle spray to a pulsating jet of water.

Thermostatically controlled mixer tap in an elegant, chrome-plated design – high quality and easy to operate.

Space-saving sliding door made from the finest materials. Install to open left or right.

Recessed LED lighting provides just the right level of illumination inside the bathing cabinet and out.

Easy-to-operate control panel shows time, temperature, steam-bath and lighting settings.

Finest quality material – vacuum-formed, special-grade plastic, tempered safety glass and aluminium profiles for a safe, sturdy, steam and watertight construction. Comfort and convenience with integral seats and practical integral wall shelves.

Fragrant essence holder for natural essences that spread a spicy or invigorating scent in the steam bath.
